BEVERLY EAVES PERDUE  
GOVERNOR

EUGENE A. CONTI, JR.  
SECRETARY

February 3, 2011

In Reply Refer To  
Application 2180 & 2181

Mr. Tim Valentine  
Safety Manager  
SE Independent Delivery Services, Inc.  
2730 Queen City Drive  
Charlotte, N.C. 28208

Dear Mr. Valentine:

Our investigation of your STAA reasonable access route request number 2180 and 2181 for SE Independent Delivery Services, Inc. is complete. The routes requested are as follows:

Reasonable Access Request No. 2180: New Hanover County - US 74 between US 17/ US 421 and US 117/NC 132; US 117/NC 132 between US 74 and the Rooms to Go terminal located at 460 S. College Road in Wilmington.

Reasonable Access Request No. 2181: New Hanover County - US 76 between US 421 and US 117/NC 132, US 117/NC 132 between US 76 and the Rooms to Go terminal located at 460 S. College Road in Wilmington.

For Reasonable Access Request No. 2180, we have found this route to be acceptable by current traffic engineering standards and hereby grant approval for your firm to run twin-trailers along this route contingent on the following.

- 1) The exit route for this request will need to be revised to include Randall Parkway and SR 1175 (Kerr Avenue). The Rooms To Go facility is located in the northwestern quadrant of the intersection with US 117/NC 132 (College Road) and Randall Parkway (non-system City of Wilmington street). During the investigation, it was discovered that there is a future project scheduled for Randall Parkway that will make it a divided facility. This will prevent any left turns from the loading area of Rooms To Go. In the future, all trucks unloading will have to make a right turn onto westbound Randall Parkway for 0.5 mile to SR 1175 (Kerr Avenue). A right will have to be made onto northbound SR 1175 (Kerr Avenue) and then will have to travel approximately 1.5 miles back to US 74.
- 2) Randall Parkway is a non-system street maintained by the City of Wilmington. You will need to obtain approval from the City of Wilmington to use this section of roadway.
- 3) All loading operations shall be performed on Rooms To Go property. No parking or loading operations are to be performed in the roadway.

Page 2

All weight limits that may exist on this above approved route must be observed.

For Reasonable Access Request No. 2181, this request is not approved because the total crash rate and the truck crash rate exceed the critical rate on US 117 from milepost 4.20 (Oleander Drive) to milepost 4.68 (0.04 mile north of Cedar Avenue).

Please let me know if you have any questions or need additional information.

Sincerely,

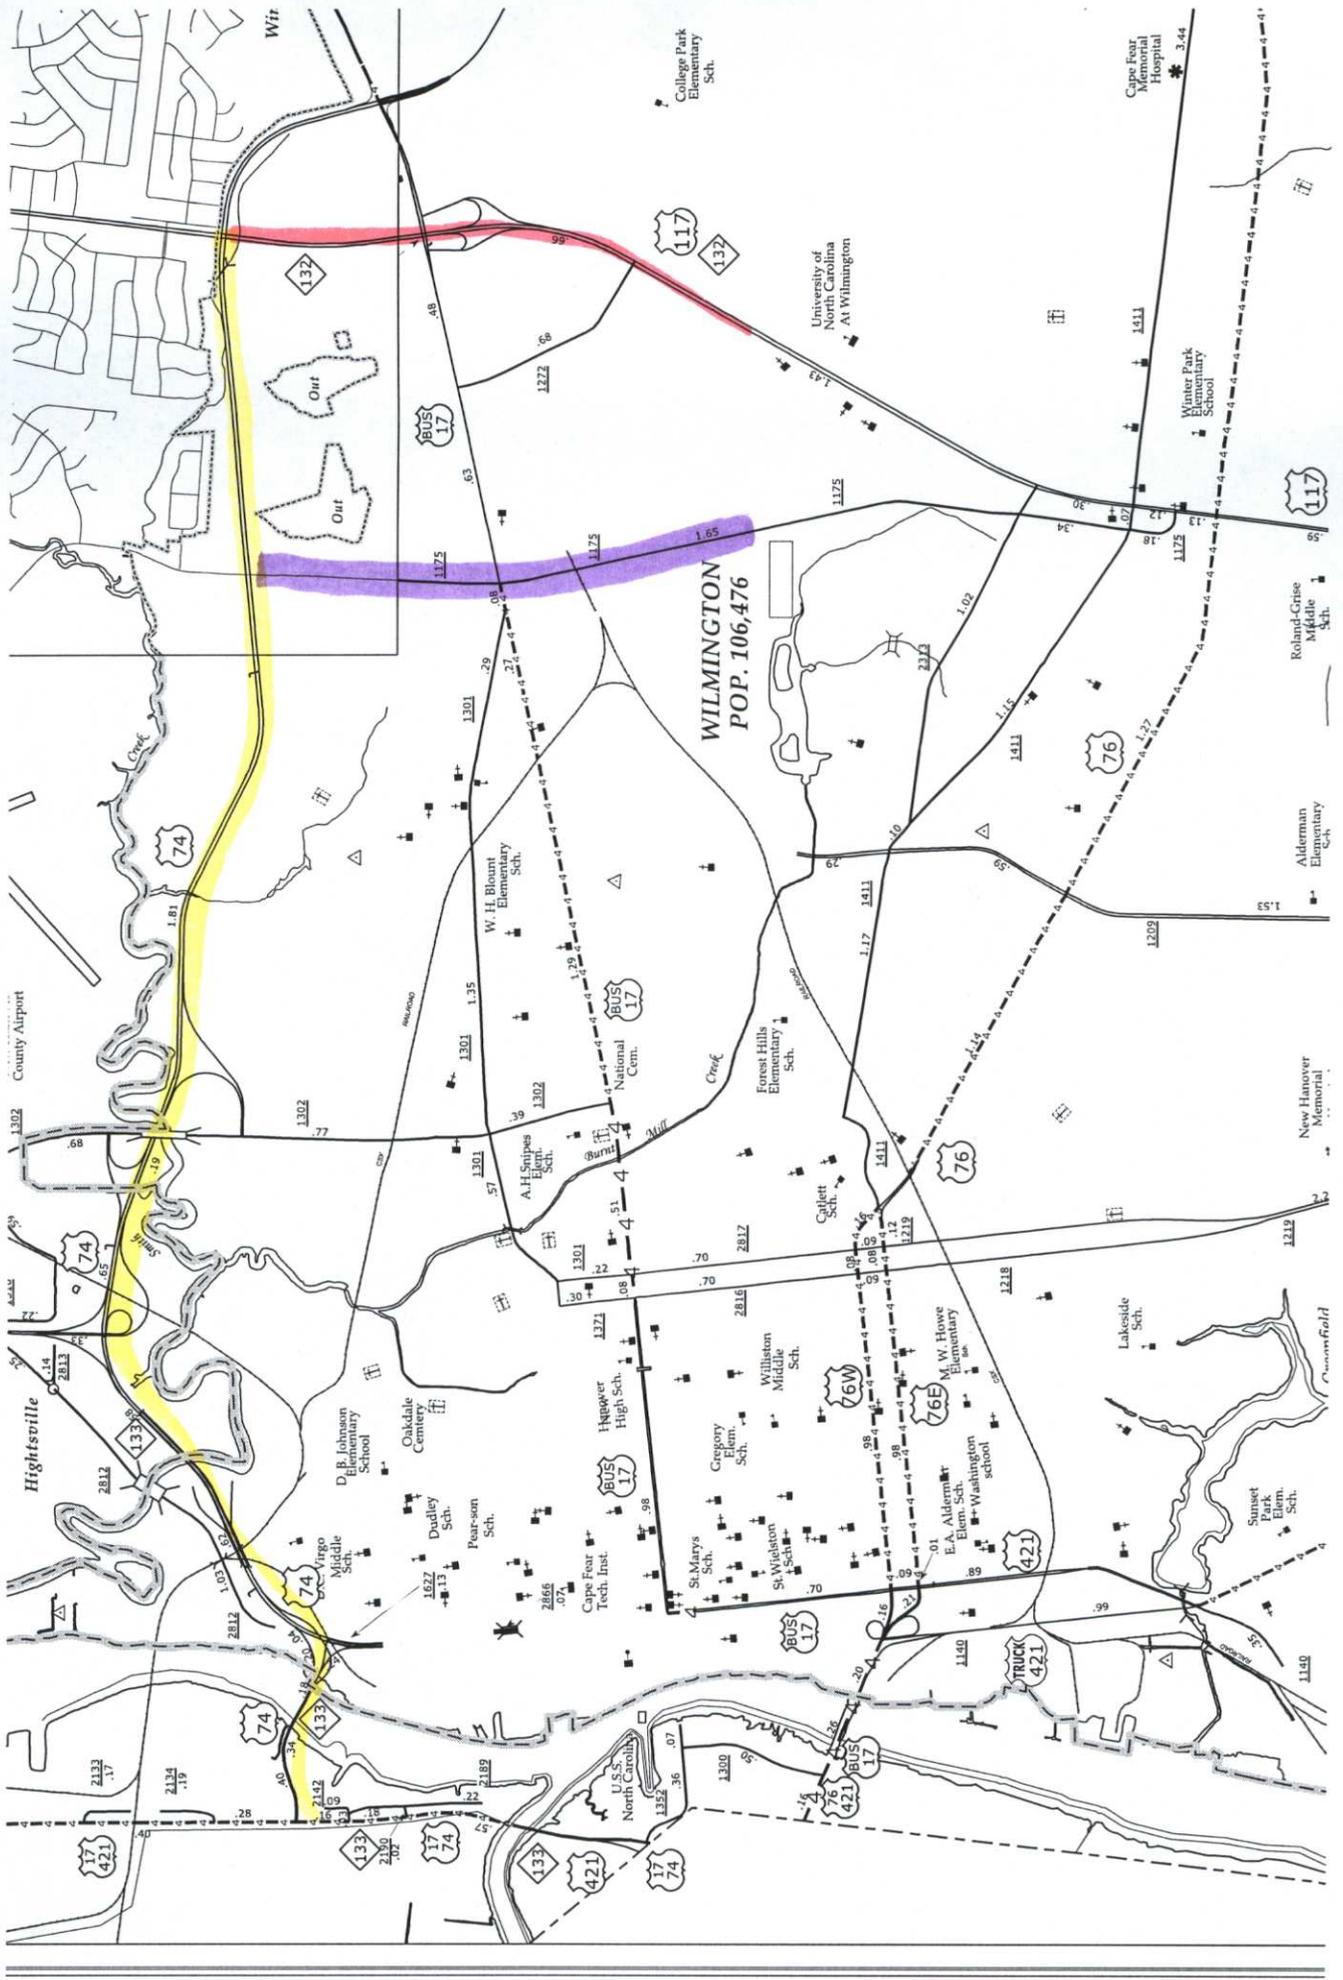

J. Kevin Lacy, P.E.  
State Traffic Engineer
