Dear Mr. Wright:

This is in reference to recent review of Interstate and US route applications from the AASHTO Special Committee on US Route Numbering. North Carolina received contingent approval on Interstate applications pending CEO signature. These applications were signed by the Chief Engineer Tim M. Little.

By this letter, I am delegating authority to the Chief Engineer position from this point forward to sign the AASHTO applications for the North Carolina Department of Transportation.

I trust this correspondence will be sufficient for the AASHTO Special Committee on US Route Numbering.

Sincerely,

MG(R) James H. Trogdon III, PE
Secretary of Transportation
