JAMES B. HUNT, JR.
GOVERNOR

DIVISION OF HIGHWAYS
P.O. BOX 25201, RALEIGH, N.C. 27611-5201

July 18, 1994

MEMORANDUM TO: Division Engineers

ATTENTION: Division Traffic Engineers

FROM: C. A. Gardner, Jr., P.E. 
Deputy Chief Engineer - Operations

SUBJECT: Operations - Beautification

In late May, we requested each of you to provide an estimate of the materials that would be required to refurbish the anti-littering signs in your area. Based upon your input, the scope of the project was revised and supplemental panels were created for use in conjunction with the current logo-style anti-litter signs.

The supplemental panels are 12"X30", with a message of "MAX FINE \$1000." Each Division should have received 75 of these panels. If you have not received the panels, please notify Mr. Jay Gibson of my staff. Please complete installation of these panels within 60 days, giving priority to high visibility, high litter locations. I am also asking you to instruct your staff to remove any remaining litter signs of the old design, especially those that reference prior penalties (\$200, \$500, etc.). Please note there should only be a minimal number of these signs still in service as the present "logo" sign for littering has been our standard since the latter part of 1987. This sign removal work may be accomplished as part of your routine duties.

If you have further questions, please advise.

cc: Mr. Don Goins, P.E.
Mr. Jimmy Lynch, P.E.
Mr. Frank Pace, P.E.
Mr. Chris Wilson
