MEMO TO: Division Engineers  
Right of Way Disposal and Control of Access Committee Members

FROM: Deborah M. Barbour, PE *Deborah M. Barbour*  
State Design Engineer

DATE: April 25, 2000

SUBJECT: Right of Way Disposal and Control of Access Committee  
Operating Procedures

We have revised the Operating Procedures for the Right of Way Disposal and Control of Access Committee. The revised procedures were recently approved and are being forwarded for your use.

These procedures will provide consistency in dealing with right of way disposals and revisions in control of access on completed highway projects. The guidelines will also assist the divisions in coordinating these requests.

The revised procedures are effective immediately. Therefore, please distribute copies of the procedures and checklist to your staff as quickly as possible.

Please let me know if you have any questions.
