STATE HIGHWAY ADMINISTRATOR

MEMORANDUM

TO: Division Engineers

FROM: J. M. Lynch, P.E., State Traffic Engineer *JML*

SUBJECT: Marking for "Slow Moving Vehicle Pull Out Lanes"

Last July our Traffic Control Unit provided your Division Traffic Engineers and our Area Traffic Engineers two pavement marking proposals for comments concerning "Slow Moving Vehicle Pull Out Lanes." Of the 16 responses received, 10 were in favor of using a solid white edgeline with white mini-skips in the taper areas.

After reviewing all the responses, we have used these comments and suggestions to develop a pavement marking detail for these pull out lanes. Attached is a copy of this detail for your use.

If you have any questions concerning this detail, please feel free to contact Mr. Roberto Canales, P.E., Traffic Control Engineer, at (919) 250-4151.
