MEMORANDUM TO: Division Engineers and Division
Traffic Engineers

FROM: D. W. Bailey, P. E. *DW Bailey*
Chief Engineer - Operations

SUBJECT: School Bus Safety Signs

Attached is a copy of memorandum dated February 7, 1991, from from Mr. J. M. Lynch, concerning school bus safety signs. As indicated in Mr. Lynch's letter, we are receiving a number of requests to install "Slow Mowing School Buses Use This Highway" signs on the State Highway System. I concur in Mr. Lynch's recommendation that the Division Traffic Engineer, along with the Area Traffic Engineer, review these requests on a case-by-case basis.

Please advise if you have any questions.
