June 6, 1996

MEMORANDUM TO: Division Engineers

FROM: J. D. Goins, P.E.  
Chief Engineer - Operations

SUBJECT: Wildlife Viewing Signs

In 1991, Secretary Thomas J. Harrelson committed to the Wildlife Resources Commission for the N.C. Department of Transportation to obtain and erect wildlife viewing signs. This project was put on hold while the Wildlife Resources Commission developed their program. We have recently been advised that the Commission has completed this program and have published the "North Carolina Wildlife Viewing Guide."

Enclosed for your use is a copy of the "North Carolina Wildlife Viewing Guide" along with signing plans for each site. It will be your responsibility to obtain and erect the signs as outlined on the plans. You will note that in some instances the signs are to be delivered to someone associated with a viewing area, and they will erect the signs.

**These signs should be erected by December 1.**

If you have any questions, you should contact C. A. Gardner or Mr. Randall C. Wilson with the Wildlife Resources Commission. Mr. Wilson's telephone number is 919-528-3374. Jimmy Lynch and the Traffic Engineering Branch are aware of this request and can provide you assistance as needed in obtaining these signs.
