Utilize the data on the white plastic tag located on the fuel key for one-time fueling transactions. **The 5-digit agency number EX. (50000) and 8-digit vehicle number (1462-9999) on the tag are important when using the one-time issue fuel key.** Present the data to the fuel attendant for a fuel purchase until the fuel key or AIM is re-programmed. After 3:30pm the fuel sites are left unattended. A programmed fuel key or AIM device can only be used after hours. Contact the Automated Fuel Section in Raleigh at (919) 733-2220 between 7:30am and 4:30pm for any assistance.
