

Sample Questions for the 15 month meeting:

- Right of Way: What is the status to Right of Way acquisition? What is the scheduled date when all parcels will be available?
- Utilities: Have/When are utility relocations scheduled to begin? Do you have a schedule duration for each utility? Which utility companies will/will not be relocated prior to the let date? Are URAs established?
- Permits: Have/When will all Permit Applications be submitted? Do you anticipate any contentious items surrounding permitting? Do you anticipate all permits being in hand by turn-in date?
- Municipal Agreements: How many municipalities are within the project limits? How many will require an agreement and will you have these agreements finalized prior to turn-in?
- Railroad: Is there a RR on the project? If so, what is the status of the rail agreement and rail coordination?
- Design & Estimate: Are you on schedule to have all plans/specifications/quantities finalized prior to the turn-in date? What level of detail do you have for quantities to complete the construction cost verification before the 12MLL? Have you accounted for design not yet completed and will you communicate this to CS&D when requesting an updated estimate? Are you receiving quality products or are there any concerns with the private engineering firm(s)?
- Is there any strategic reason/external action that may affect the LET schedule?
